THURSDAY, AUGUST 18th, 1887.

Yellow fever at Key West has about run its course.

Prince Ferdinand has been declared King of Bulgaria.

Henry S. Ives, a big railroad man, has failed with large liabilities.

Three of the Atlantic cables are either broken or disabled, and vessels are now at sea endeavoring to repair them.

In Pittsburg last week a careless smoker lighted his cigar and threw the blazing match upon some inflammable material, and the result was a \$500,000 fire.

Oscar J. Harvey, the defaulting Republican clerk at Washington, is now caning chairs in the Albany Penitentiary, with a negro convict for his boss.

The worst drouth ever known in the Northwest is burning up all the vegetation, and cattle are starving to death, while famine stares the farmers in the face.

The losses by fire in the United States and Canada for July amounted to \$14,000,000, which is double the average loss for that month in the past twelve years.

Gen. Buckner will be inaugurated Governor of Kentucky Tuesday, August 30th. The oath of office will be administered by Chief Justice Pryor, of the Court of Appeals.

A bank has been established in China by some Americans. The Courier-Journal thinks China is too far from Canada to allow the banking business to be a howling success.

Four hundred and one convicts confined in the penitentiary at Nashville have signed an appeal to the people of Tennessee to work for the adoption of the Prohibition amendment.

Gen. A. W. Doniphan died at St. Joseph, Mo., last week. He was a member of the celebrated Peace Commission during the late war, and was mentioned for the Presidency in 1876.

Louisville's prospects for a visit from the President this fall appear to be rather slim. It is reported that he has made his route known, and that Louisville is not included in the list of cities.

The grand jury of the Rowan Circuit Court has indicted Z. T. Young, Albie Young, John Trumbo and Green Mannin for complicity in the murder of Howard Logan. The term of Court has been extended by Judge Cole.

The Democratic administration is determined that the United States shall have a navy which shall be worthy of this people. Several vessels are now being constructed which will be equal in speed and power to any in the world.

Several hundred residents of Ireland draw pensions regularly from the United States for services rendered in the late war. It is said that no other Government in the world pays pensions to persons who do not reside within its borders.

United States Senator Riddleberger, was fined \$25 and committed to jail for contempt of court at Woodstock, Va., last week. His sentence was for five days, but at about 2 o'clock on the morning after he was confined a mob of about 100 men scaled the walls of the jail and brought the Senator out. He has since returned to jail, and will serve out his sentence.

Judge Wm. Lindsay says he has been practically out of politics for ten years and has no desire to re-enter the political arena, to lead the most thankless and ungracious life a man can choose. His attention is largely devoted just now to the building of the Paris, Frankfort, and Georgetown railroad, of which he is President. It is therefore not probable that he will permit his name to be used in connection with the race for United States Senator.

Buckner beat Bradley nearly 17,000, and has a clear majority of more than 3,000 over the entire full field of competitors. This is not so deep as a gas well nor so broad as a tobacco barn door, but it doing pretty well for a political party that has been half asleep since '76.—Louisville Times.

Rev. Henry W. Cleveland, of Louisville, and Henry T. Stanton, of Frankfort, have been appointed by the President a Commission to appraise and allot certain lands in the Umatilla reservation belonging to the confederate bands of Cayuse, Walla-Walla and Umatilla Indians.

On the day after the election a number of Shelby county Democrats met and organized a Democratic club, and it is proposed that the work be pushed until every Democrat in the county is a member. This is an example worthy of being followed by the Democrats of every county in the State.

Probably the most appalling disaster in the history of railway horrors occurred on the night of the 10th inst., about 12 o'clock, near Chatsworth, Ill., on the Peoria and Western road. A train of sixteen coaches, containing 960 people, rushed at the speed of nearly a mile a minute into a burning bridge, the cars telescoping and piling one on the other. Fire communicated to the mass, but was extinguished by the almost superhuman efforts of the "uninjured men, who dug up dry earth with their fingers and smothered the fire, there being no water near.

The number of killed is over 100 and the wounded about three times that number.

The bodies of most of the dead were robbed before daylight, and this leads to the belief that the bridge was set on fire by an organized band of robbers.

Though ex-Gov. Blackburn has obtained temporary relief from the ailment that threatened his life last week, there is no hope of his restoration to health and strength. "The beloved physician" has entered upon his seventy-second year with a heart whose action is impeded by some organic trouble beyond the reach of human cure. But for the fact that it is such a great, big, warm heart, it would, years ago, have been still and cold in death.—Louisville Times.

At Point Pleasant, W. Va., Amos and Bradley Townsend, cousins, had been paying attention to Miss Eunice Laidley, who, unable to decide between them, suggested that they should "draw straws" to decide who should be her husband. This being agreed to, Bradley Townsend won her, and his cousin Amos, took his departure. A few moments afterward a shot was fired, and Miss Laidley fell dead with a bullet through her heart. Amos Townsend, the assassin, has not been captured.—Ex.

The Farmer's Alliance of Floyd county, Indiana, has adopted resolutions calling upon President Cleveland to resign his office before starting on what is called "his electioneering tour." The Alliance also objects to the payment of a salary of \$4,000 per month to Mr. Cleveland, or any other man, while he is "electioneering for a second term of office." The Farmer's Alliance would probably be very angry were any one to suggest that its members have been making fools of themselves.—Courier-Journal.

Figures Compared.

"Lord, how the world is given to lying." The last issue of the Catlettsburg Leader says that "Lawrence county Democrats should retire to a quiet spot and be ashamed of themselves for the wretched support given McDyer, Buckner and the State ticket." It also glorifies Boyd county for her conduct in the late election, stating that the Democracy gained 198 votes over the Cleveland vote. See how the figures agree with the Leader: Boyd's vote for Cleveland, 1106; for Buckner, 1087; which is 19 votes less for Buckner than for Cleveland. Thus these figures prove that the Leader missed the truth by 217 votes.

Lawrence gave Cleveland 1419 votes; Buckner, 1406, or 13 votes less than for Cleveland. We admit that we did badly and are ashamed of it; but we did better than Boyd by six votes, and we don't propose to allow them to make faces at us without telling them of it.

A LAWRENCE DEMOCRAT.

Kentucky Notes.

Ex-Gov. Luke P. Blackburn is in very bad health.

John M. Clay, the last son of Henry Clay, died at Lexington last week.

The prospects for a large yield of corn have been greatly impaired by the late drouth.

Mr. S. V. Rowland, of Danville, will be a Candidate for Clerk of the Court of Appeals.

An old lady of Anderson county committed suicide by hanging last Friday. She was eighty years old.

Col. John R. Allen, of Lexington, is an applicant for appointment as Adjutant General in the administration of General Buckner.

Hon. J. J. Nesbitt, of Owensville, will be a Candidate for the Speakership of the next House of Representatives.

"Uncle" Joe Read, of Louisville, and F. F. Bobbitt are the candidates for Door-keeper of the House of Representatives.

The Ninth Kentucky Cavalry of the Confederate army, Commanded by Col. W. C. F. Breckinridge, held a reunion at Cynthiana, last week. The regiment at its first battle had 800 men in line; at the surrender at Washington, Ga., there were but 125 survivors. Yesterday seventy-two of these met to fight their battles over again.—Courier-Journal.

John M. Clay, the last surviving son of Henry Clay, died suddenly last week at his home, near Lexington, in the sixty-fifth year of his age. Mr. Clay never entered politics, but lived the life of a successful farmer and breeder of fine horses. His stables were once widely known on the turf, but fifteen years ago he abandoned racing and afterwards raised thoroughbreds.—Courier-Journal.

Mr. Cochran, head of a large Dublin firm, has said to a New York Sun correspondent that it is the money which comes from America that keeps up agitation in Ireland, and that if these contributions were to cease, the agitation would cease also. "People in America," said Mr. Cochran, "have little idea of how many idle men are living off their money."—Courier-Journal.

The most surprising thing seen in the returns from the recent election is the tremendous vote that was polled. The total vote is about 282,000, which is 6,000 in excess of the Presidential vote of 1884. The vote in round numbers is distributed as follows: Buckner, 143,000; Bradley, 125,000; Fox, 9,000; Cardin, 5,000. The vote for Bradley is the largest ever cast for a Republican in this State. Blaine got 119,000 votes in 1884, while in 1883, Morrow, running for Governor, only polled 89,000. In spite of Bradley's increased vote, there is nothing to indicate that he got any considerable Democratic support. The 14,000 votes given to Fox and Cardin came almost wholly from the Democrats. These, added to Buckner's vote would make it 157,000, an increase over Cleveland's vote of 5,000, or nearly as much as the increase of Bradley's vote over that of Blaine.

It must be remembered that in spite of the 282,000 votes polled, there were at least 50,000 votes that did not go to the polls. It is very safe to say that four-fifths of the stay-at-homes were Democrats. The Republicans, stimulated by Bradley's thorough and energetic canvass, voted almost to a man. There is no doubt that Bradley, relying on Democratic apathy, fully expected to be elected, and that expectation was shared not by the leaders only, but by thousands of the rank and file.—Courier-Journal.

Presidential Journeys.

(Pittsburg Post.) Visits by the President of the United States to different parts of the country, when they can be made with propriety, and with an entire absence of anything like partisan contrivance, are always welcome to the people. There have been times when political differences were decided, and partisan animosities aroused among the masses, when such visitations were not fortunate, especially if the Administration had been identified with one or the other of the contending parties. It was so with Andrew Johnson's celebrated circle of the Northern and Western States, when he put an issue of principle and policy before the people, and as a matter of fact took the stump in advocacy of it. His speeches were not only political, but sometimes regarded as intensely partisan, according to the divi-

sions of men's minds in those days of bitter controversy. They were not such as people had a right to expect from the President of the United States. Mr. Johnson was a courageous and unselfish patriot, but he failed to comprehend the temper of the Northern people or the proprieties due his high office.

Mr. Cleveland's extended tour, marked out for the latter part of September and October, will resemble in many respects the celebrated journey covering a greater part of the then settled United States, undertaken by President Monroe in the summer of 1817, seventy years ago, which inaugurated "the era of good feeling," and led to the most remarkable cessation of political strife the country has known. So much so, indeed, that in 1820 Mr. Monroe was re-elected President with only one electoral vote in opposition, the nearest approach to unanimity that has taken place in our Presidential election since Washington's time. In two or three weeks this fall, President Cleveland will traverse a much greater extent of country and see and be seen by an infinitely greater number of people than was Monroe's fortune in the spring and summer of 1817. He set out from Maine, going as far west as Detroit, and on his return took in Cincinnati and Pittsburg.

President Cleveland, after attending the Constitutional Centennial at Philadelphia on the 17th of September, will leave Washington for St. Louis the latter part of the month, and it is expected will visit besides St. Louis, Kansas City, St. Paul, Madison, Milwaukee and Chicago, returning to Washington in time to start for Atlanta on the 16th of October. Returning from Atlanta, the President may visit Alabama, Tennessee, Kentucky and West Virginia, taking in Louisville and Cincinnati.

Some of our Republican friends who have hitherto been disposed to sneer at the President's lack of personal knowledge of the bigness and greatness of our country and people are manifesting a little uneasiness over this expected trip. Bless their souls, they need not worry. There is no politics in it. There will be no intent to set up delegates or compass a nomination. It is not needed. Whether it will advance the President in public esteem will depend on the merits of the man; his bearing, the tone of his speeches, and the tact of his intercourse with the great multitudes he will meet.

BIG SANDY NEWS.

THURSDAY, AUGUST 18th, 1887.

Come to the NEWS office for job work.

Mr. C. H. Burgess is very ill with flux.

Plenty of home-grown watermelons in the market.

No religious services in town during camp-meeting.

Mr. Albert Copley has been sick with fever for some time.

Almost all kinds of fruits and agricultural products are short this year, and high prices may be expected.

Revs. Cook, Meek, Wade, Jackson, Black, Lauck and Patterson are the Ministers in regular attendance at camp-meeting.

The most welcome visitor to our community lately was the recent rain-fall, which has been quite plentiful during the last few days.

Brown Leghorns.

The best of layers, and excellent for table use. Selling at very low prices.

J. M. LAUCK.

The Spradlin land suit, a case which has been in the Courts for more than forty years, is now occupying the time of the Circuit Court.

A little excitement was created yesterday by a horse running away. The vehicle to which he was attached was upset, but no damage was done.

17,015

Is Buckner's official majority for Governor. The returns are all in and the Secretary of State has announced the above result.

Wanted.

To exchange valuable property in Catlettsburg for property in Louisa. Apply to M. S. BURNS.

We understand that the property of Allen Roberts, near the depot, has been purchased and is to be the site of a new hotel, to be erected in the near future by a stock company.

When you are constipated, with loss of appetite, headache, take one of Dr. J. H. McLean's Little Liver and Kidney Pills. They are pleasant to take and will cure you. 25 cents a vial at Freese & Norris.

Rev. Henry R. Coleman, of Louisville, who has twice visited the Holy Land, will be at camp-meeting during next week. He will lecture each day on the Holy Land, and will exhibit his fine collection of coins, woods, costumes, etc.

If your kidneys are inactive, you will feel and look wretched, even in the most cheerful society, and melancholy on the jolliest occasions. Dr. J. H. McLean's Little Liver and Kidney Pills will set you right again. \$1.00 per bottle. For sale by Freese & Norris.

Snyder Bros. are erecting a stone building back of their store in which they will place their machinery used in the manufacture of furniture. They will then be able to give employment to quite a number of men. What Louisa needs is several more such enterprises and enterprising men.

The attendance at Camp-meeting last Sunday was small. Rev. Hiner, who was advertised to preach, did not arrive, and Dr. Meek filled the pulpit to ably that those were not disappointed, who went with the expectation of hearing a rare sermon. Large crowds are expected for the next two Sundays.

Call at Once.

Persons wanting dyeing or cleaning done should call on me at once, as I will make a specialty in this line of work until August 25th, after which time I shall not be able to do anything in that line.

HARRY LEWIS.

Agent for the Teasdale Cleaning and Dye House.

Physicians Have Found Out

That a contaminating and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub-cutaneous covering of the muscles and ligaments of the joints, causing constant shifting pain, and aggregating as a calcareous, chalky deposit which produces stiffness and distortion of the joints. No fact which experience has demonstrated so clearly as that the medicine which cures rheumatism is also a powerful remedy for biliousness, constipation, dyspepsia, indigestion, and all diseases arising from impure blood. See that you get the genuine.

NOTICE.

All persons in Lawrence county and vicinity who are indebted to the Singer Sewing Machine Company are requested to settle in full with our Special Agent, Mr. J. E. Roberts, when he calls on you. Or he can be seen about the 25th of each month at K. F. Vinson's, Louisa, Ky.

The Singer Manufacturing Co., Cincinnati, O.

J. Monroe Taylor's Gold Medal Soda is cleansed of every impurity, and so arranged and combined that all unhealthy and injurious properties are stricken out, while Carbonic acid, the only active property remaining, is held in check until free, thus evolving a gas by means of which bread is raised, and each acid thus destroyed, which makes it suitable for the most delicate or dyspeptic stomach. Try one paper, and you never will have any other. Groceries and Druggists keep it.

Scarlet Fever and Diphtheria

are spread by contagion, by the transfer of living matter from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect thoroughly and promptly with Darby's Prophylactic fluid the great germ destroyer. Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: "As a disinfectant and detergent Darby's Prophylactic Fluid is superior preparation with which I am acquainted."

With this issue the second year of the life of the BIG SANDY NEWS closes. Its career has not been what might be called a "howling success"; especially if we speak from a financial standpoint. But we are still here and shall be for some time yet.

We hope soon to have the name of every good citizen of Lawrence county on our list. One dollar for a year's subscription is only a mite, while you get more than the worth of your money; and at the same time help to support your county paper and make it a living institution.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at K. F. Vinson's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures, and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it by getting a trial bottle free, large size \$1. Every bottle warranted.

Mr. John M. Gresham, Manager of a Kentucky State History Force, is in Louisa in the interest of the most complete State History yet published. The force is now at work getting out an edition of a new State and War History for the 9th Congressional district—adding to the State and War History a local or biographical department or history of the older and more prominent families.

The State work is compiled by W. H. Perrin and G. C. Kniffin, both natives of Kentucky. Mr. Perrin was for many years associate editor with George B. Prentice on the Louisville Journal. Col. Kniffin is the war historian.

The Hartford Weekly Herald speaks of the Work as follows:—"Upon the whole, the book is the most thorough, full and complete history of Kentucky yet published. We do not hesitate to say that it will rank as the standard history of Kentucky."

OBITUARY.

On Aug. 4th, 1887, Judge John J. Jordan departed this life. His death is lamented by his multitude of acquaintances.

The deceased has served as clerk Lawrence County and Circuit Courts, once faithfully represented this county in the Legislature, was twice elected County Judge, and has served as a Justice of the Peace; and in all these capacities he has acquitted himself with satisfaction to his constituents and honor to himself.

At the time of his death he was Treasurer of Lawrence county. His many friends deeply deplore his loss to the county.

He leaves 10 living children—four sons and six daughters—of whom eight are married. He was a member of the Christian church and his last words were a profession of faith in the Saviour. The sympathy of the community is with the family.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are nervous, and generally out of sorts, and want to brace up, but not with stimulants, spring medicines, or bitters, which for their last very cheap, bad whiskey, and which stimulates you for an hour and then leaves you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at K. F. Vinson's drug store.

A case of Deafness Cured.

Office of Shaw & Baldwin's Wholesale Notion House, Toledo, O., Dec. 11, 1879. F. J. Cheney & Co., Toledo, O.

Dear Sirs:—About three months ago, noticing a letter addressed to you in the issue of Gen. Electric, in reference to the cure of his son by the use of Hall's Catarrh Cure, we were induced to commence the use of it for our daughter Nellie, now fourteen years old, who has been suffering from catarrh for about eight years, during which time she has been treated by one of the best physicians in the city. We have also tried the use of almost all the known remedies for catarrh, with no more success than temporary relief. Many nights have we laid awake to hold her mouth open to keep her from strangling. Her hearing had also become affected. We were afraid she would never recover. We have now used six bottles of Hall's Catarrh Cure, and we believe Nellie to be entirely cured. In a few days we intend a decided change for the better, and now she breathes as easily as any one. She sleeps well, and her hearing is perfectly good. We can hardly realize that such a change could be effected in so short a time, after battling with the disease so long. We are still using the remedy at intervals, as it seems to build up her system. You are at liberty to use this in any manner you see proper. We are yours, truly,

Mr. and Mrs. S. Baldwin, 320 Franklin Avenue.

Paintsville.

Mr. B. F. Hager is sick with fever. Mrs. J. K. Dixon is very ill with flux. J. K. Dixon has been appointed County Clerk.

There are several cases of flux in this community. Representative J. W. Langley was in town last week.

Charley Preston, of Ashland, was here a few days ago.

Miss Victoria Mayo, who has been very ill, is some better.

Miss Nancy Miller, of Millersburg, has returned home after a visit at this place.

Died, on the 10th inst., Mrs. John Kind, after a long illness. Also, Johnny Vaughan, an aged resident of this county.

Prof. Holbrook, of Lechman O., conducted the Johnson county teacher's institute at this place, last week in a very satisfactory manner.

Capt. Green Meek was down the river last week.

Robt. Mingo, and Scratches of every kind cured in 30 minutes by Woolf's Sanitary Lotion. Ask me cure and perfectly harmless. Warranted by Freese & Norris, Druggists, Louisa.

ENJOY LIFE.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can obtain satisfactory proof, that Green's August Flower will make them as free as when born. Dyspepsia and Liver Complaint are the direct causes of seventy per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottle, 10 cents. Try it.

NO HOUSEHOLD SHOULD BE WITHOUT

The majority of the ills of the human body arise from a diseased Liver. Dr. J. C. Williams' Pink Pills for Pale People have been the means of restoring more people to health and happiness by giving them a healthy Liver than any other agency can.

BEESON'S AROMATIC ALUM SULPHUR SOAP.

WILLIAM DREYDOPPEL, Manufacturer, Philadelphia, Pa.

THIS SOAP IS THE RESULT OF MANY YEARS OF CAREFUL EXPERIMENT BY A PRACTICAL SOAP MAKER, IN WHICH HE WAS AIDED BY A PHYSICIAN OF EXTENSIVE PRACTICE, AND THE MEDICINAL COMBINATION PRODUCED BY HIS SKILL AND EXPERIENCE.

THOUSANDS OF CASES WHERE AN EXTERNAL APPLICATION WAS NEEDED FOR A DISORDERED CONDITION OF THE SKIN, ALL PHYSICIANS ADMIT THAT SULPHUR IS A SPECIFIC IN SCALD HEAD, DYSPEPSIA, AND WHERE USED REGULARLY FOR SOME TIME WILL NOT FAIL TO FREQUENT AND PERMANENTLY CURE PILES.
